

## Seminar – Trunked Radio Beyond Voice with TETRA

SKMM Auditorium, Cyberjaya  
30 November 2010

Segi Maju  
Consortium

This event was jointly organized by the Malaysian Communications and Multimedia Commission (MCMC) and Segi Maju Consortium (SMC) with support from the Malaysian Technical Standards Forum Bhd (MTSFB) to create awareness of TETRA data applications, encourage local applications development and promote open system platform.

There was also booths at the event to provide more insight of TETRA innovative products and applications.
